DIRECTOR OF NETBALL

Jenna Adamson

Email - adamson.j@millfieldschool.com

Jenna is a highly established coach who is the second person in England to attain a Level 3 coaching qualification alongside being an A Award Umpire. Jenna is the National Assistant Coach for Wales and Assistant Coach for the Celtic Dragons within the Superleague team. Jenna also heads up the Team Bath Academy Development Centre held at Millfield School.

HIGHLIGHTS

- Regular representation at County, Regional and National Schools across all 3 age groups and multiple title winners
- U15 and U19 squads regularly feature in the top 4 for National Competitions in the ISNC and the Sisters in Sport Competitions, often making the finals
- 15+ athletes selected each year into the Team Bath Academy Development Centre.
- High proportion of athletes selected each year into the County Academy
- A number of athletes each year represent Team Bath at Superleague and NPL age groups
- 9 athletes selected for international squads in 2021/22: England, Wales, Ireland, Scotland, Switzerland and the Isle of Man
- 5 athletes gained international caps for their respective countries in 2021/22
- Partnerships with Team Bath Academy Development Centre and the Somerset County Academy which are both run at Millfield

THE PROGRAMME

WHAT TO EXPECT

Performance Programme: Athletes on a performance pathway and/or scholarship from Year 9 upwards are able to access 1:1 weekly coaching. The Senior first team have their own programme and in addition to the weekly 1:1 court sessions, they can access 1:1 strength and conditioning sessions, video analysis, nutritional advice and physio support. This consists of being full-time for two terms and part-time in the summer.

Full time Programme: For those in Years 11-13 netball is played across both the autumn and the spring term with a full programme of training, strength and conditioning provision and competitive fixtures. Year 10s that are in the performance pathway can also opt to do netball across two terms.

Part-time Netballers: Those that compete in other sports can still access netball in club, squad and MAP sessions allowing them the flexibility to compete across an array of sports all year round.

Game of the term: The spring term is the busiest period with netball being played across all age groups and abilities. Each team has its own suitably experienced and qualified coach with regular training and weekly fixtures. Fixtures are matched according to the needs of the team and this includes schools, clubs, colleges, franchises and universities.

WHO CAN DO IT?

Millfield Netball has 11 teams in total and is accessible to all years at participation, competition, and performance levels. Netball is played all year round and therefore caters for everyone, including boys who can now participate in netball MAP.

Teams enter county tournaments with the aim to progress through regional rounds to the national finals, plus the Independent Schools Netball Cup, Sisters in Sport National Cup and the World School Games in Loughborough.
